ShowStore Website

Background

The client wanted to create an online department store for the Arts & Entertainment Community. The ShowStore website was targeted to provide information related to various live events or shows. The idea was to update the artists with the live shows that happen around them.

Solution

The GCT team built the ShowStore website that provides presenters with an intuitive browsing experience and searchable database of live attractions and shows.

ShowStore website has the following features:

1. Create login
2. Popular on our Platform
3. Top Rated Shows
4. Book Your Show
5. Artist/Attraction Submission
6. TSS Affiliate Sales Program
