WiseMiser Website

Background

The client wanted to create a website for travellers. The WiseMiser website was targeted to organize the travel plans and provide the best flight, hotel, and cab booking experience. The idea was to make travel dreams come true for everyone.

Solution

The GCT team built the WiseMiser website to help its users in booking the desired flight tickets (for both domestic and international flights), hotels, or cabs at a lower price. This website also provides the best offers for booking.

WiseMiser website has the following features:

1. Create login
2. Search Flights
3. Search Hotels
4. Search Flight + Hotel
5. Search Car Hire

Result

1. This website is popular among travellers because of the ease of booking flights with the best budget options.
2. The client is continuously innovating the ways to cut down the efforts required while booking the air ticket.
