## Springs Homes Website

### Background

The client wanted to help the people who want to buy their home in or around Colorado Springs. The Springs Homes website was targeted to provide a platform where people can easily search for their dream house and relocate to Colorado Springs. The idea was to make the process of buying the house easier.

### Solution

The GCT team built the Springs Homes website to help make the buying process a lot easier and to show its users how to find their perfect home in Colorado Springs that too within their budget. This website gives an overview of the step-by-step process of buying and answer the queries. It also helps its users to understand the current real estate market, and to create a competitive offer to buy their dream home at the right price.

### **Springs Homes website has the following features:**

1. Create login
2. Home Search
3. Neighbourhood Matchmaker
4. Buyer's Guide
5. Seller's Guide
6. Agents
7. Relocating to Colorado Springs
